

ConserFund Loans

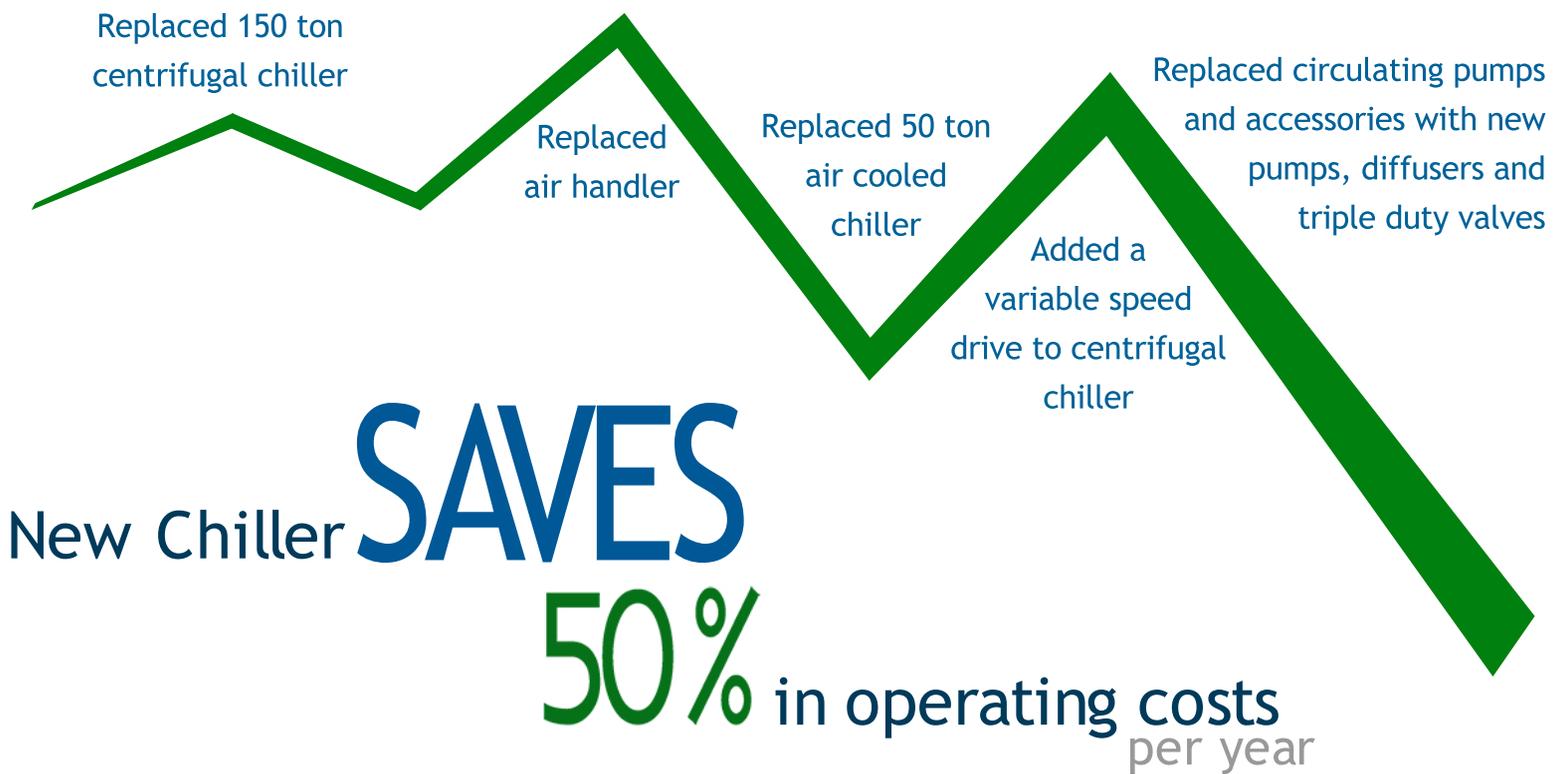

The ConserFund Loan program was established by the South Carolina Energy Office to assist government and non-profit entities in carrying out energy efficiency projects.

Williamsburg Regional Hospital Kingstree, SC

Williamsburg Regional Hospital offers medical services and technology to residents of Williamsburg County and the surrounding areas. The present building opened in 1965 and has since added several additions.

RESULTS AT A GLANCE

- ▷ SAVINGS of \$15,382 per year
- ▷ Can provide a comfortable and reliable environment for caregivers and patients

THE RESULTS

Replacement of water chillers and other equipment

The medical services industry is very competitive. Not having a comfortable environment and reliable equipment can hurt operations. Williamsburg Regional Hospital was able to finance a \$340,000 project with the ConserFund Loan

Program to make energy efficient retrofits in their facility. These retrofits were crucial for the hospital's operation, saving hours of energy usage and thousands of energy dollars.
