

PLUG IN SC INCENTIVE PROGRAM FUNDING APPLICATION

South Carolina Office of Regulatory Staff – Energy Office / Palmetto Clean Fuels Coalition
US Department of Energy Clean Cities Program
Grant: DE-EE007438 | CFDA# 81.086

I. APPLICANT INFORMATION

Please print or type clearly

Program Contact: _____

Name of Institution: _____

Institution Type:

Please mark appropriate description

- State or Local Government
- School District/College/University
- Private Entity
- Multi-unit dwelling
- Hotel/Resort
- Other (please specify) _____

Mailing Address: _____

Telephone: _____ Email: _____

II. ELECTRIC VEHICLE CHARGING STATION INFORMATION

Mark each appropriate description for the type of electric vehicle charging station(s) for which signage is being requested.

- Level 1
- Level 2
- DC Fast Charger

Describe the location of each electric vehicle charging station(s) on your premises:

Please provide the link(s) to the station(s) from the US Department of Energy’s Alternative Fuels Data Center Station Locator found at afdc.energy.gov/stations.

III. SIGNAGE REQUESTED

Applicants who are selected must have the authority to implement the installation of signage at the site locations identified. Each qualifying Participant will be provided two (2) signs per electric vehicle charging station. This program is funded by the US Department of Energy through the US Department of Energy Clean Cities Program Grant #DE-EE007438 (CFDA# 81.086). Once selected, the SC Department of Corrections will manufacturer the two (2) electric vehicle charging signs for each site. The SC Department of Corrections will then ship the signs to the qualifying Participant to be posted near the electric vehicle charging station(s). The two signs consist of:

- One “Electric Vehicle Charging Symbol” (D9-11b) sign; and
- One “No Parking Except Electric Vehicles” (R7-111) sign

Installation costs for these signs are not covered by the Plug in SC Incentive Program.

Please fill out lines A and B to calculate the number of signs you are requesting.

- A. Number of charging stations undergoing standardization: A. _____
- B. Number of signs requested (A X 2) B. _____

IV. LEVERAGED FUNDS

In addition to the signs provided, the Energy Office is also encouraging other funding sources to be leveraged as part of projects. Leveraged funds can include the applicant covering the cost for labor, paint, extra funds for additional sites, and/or publicity of the stations. Please describe any funds that will be leveraged in addition to the Plug in SC Incentive Program signage.

V. INCENTIVE PROGRAM IMPACT

How will this project impact your community or workplace?

Without this incentive program, would you have pursued Plug in SC signage standardization?

Yes

No

VI. SIGNATURE

By signing this application, you acknowledge that the information provided is correct, you accept the terms and conditions outlined in the Program Overview, certify that you have the authority to submit this application on behalf of your organization and have the authority to implement the installation of signage at the site locations identified.
