South Carolina Financing Partnerships Roundtable

December 4th, 2018

Conference Room 310 || South Carolina Department of Social Services
|| 1535 Confederate Ave. || Columbia, SC 29201-1915

The South Carolina Energy Office (SCEO) and the National Association of State Energy Officials (NASEO) would like to invite you to attend and participate in a roundtable discussing improved coordination between the state's various energy financing programs. This roundtable, as part of a series of Infrastructure Financing Workshops, will enable participating agencies and individuals to familiarize themselves with one another's work and identify preliminary opportunities for collaboration and cooperation to further clean energy development in the state. We think that your expertise and valuable perspective on energy financing in South Carolina is critical to having a robust discussion around better coordinating state and local energy financing programs so they can better reach customers in underserved portions of the state.

The Roundtable will last from 9:45 am to 3:30 pm and will be held in Conference Room 310 at the South Carolina Department of Social Services, 1535 Confederate Ave., Columbia, SC 29201-1915, on December 4th. Lunch and coffee will be provided. To RSVP for this event, please register for the event [here](#). A draft agenda is included with this invitation.
